## California Ballot Propositions

### Proposition 1

No

\$6.38B in bonds for the “homeless industrial complex” of political cronies. They claim the \$6.38B will build 11,500 “mental health beds,” like hotel room beds. That’s \$554,782/bed for the “friends” of “Caesar.” In addition, the “residents” don’t have to give up drugs or accept mental health services, so mentally ill drug users can continue living as mentally ill drug users but now at taxpayer expense. Furthermore, does anyone think giving the government more money will improve anyone’s mental health?

### SB County Bd. of Supervisors

District 1, Paul Cook

District 3, Dawn Rowe

District 5, No Rep Running, but for a Dem, incumbent, Joseph Baca, Jr., is not crazy and evil.

### SB County Judge

Office 15, Michelle Lauron

(Level 2 means we believe the judge will try to uphold the Constitution and the rule of law, and protect law abiding citizens as much as CA law permits.)

District 3, Jack Guerrero

### Loma Linda City Council

## March 5 Election Guide p.2 Vote like your country depends on it!

This guide was created by the Redlands Tea Party Patriots Cabinet.

Elections are choices, and no candidate is perfect. We encourage everyone to do your homework. Our country, freedom, and republic are on the line.

By mail or in person? Opinions are shifting on voting in person, voting by mail, or completing and returning your mail ballot to a polling place or the Registrar's office. The most important thing is to vote.

Vote fraud makes it more important that we vote, because there are limits to their vote fraud.

95% Rep Turnout. With America on the line, at least 95% of Reps can and should vote. That does not require better election integrity, more money, better Rep candidates, taking back the Rep Party, or anything else. Choosing to vote and choosing to vote all Republican is entirely within the control of every freedom loving, America loving Republican.

In the primary, we can vote for the best Rep. In November, we have to vote for the Rep candidates, because the Dem Party is evil and trying to wreck the country, roll back our freedom, and destroy the republic. MAGA conservatives have to vote for moderate or establishment Reps (aka RINOs), and moderate or establishment Reps have to vote for MAGA conservatives.

If necessary, hold your nose and have several still drinks, but vote all Republican in November.

For example, if a Dem is (s)elected president, the border will remain open, and 10-20 million more illegals will invade America. If the Dems also control Congress, they'll amnesty in 30-40 million new Dem voters, and America will be one party Dem controlled socialist state.
